# Welcome

In 2020, Homespace Corporation welcomed James Zawodzinski, our new President of the Board of Directors. He'd been working with us since 2018.

James is an attorney with Hodgson Russ and we're glad to have him on our team. James' primary focus in practice is bankruptcy litigation and joined our board amid the COVID-19 pandemic, having been entered into the board via Zoom during trying times.

James resides in a suburb of Buffalo with his husband Ryan and their two golden doodles, Remington and Henry.

## Mission:

Homespace supports at-risk young people to achieve independence two generations at a time.

## Values:

Family  
Self-Sufficiency  
Responsibility  
Security  
Resiliency

For the past 28 years, Homespace Corporation has been successfully helping young, single people (age 14-21 years old) to forge a better life for themselves and their children. Homespace provides a safe, nurturing environment where these young women can learn the skills to enhance themselves and their families, and break the cycle of public welfare dependency. Residents receive training in job-readiness, budgeting, household management, nutrition, parenting, as well as comprehensive clinical services. Here are a few things our youth have said:

*"I am thankful to Homespace for making me grow up and mature. Also, for helping me get my kids back when I messed up, and the staff for helping me get through the tough times."*

*"I am thankful for being able to grow and develop, thanks to Homespace. They've helped me to accomplish so much already, and I can't wait to see what the future holds."*

*"I am thankful for the staff that takes their time out of the day to help with things like cooking, and for Homespace helping to get kids off of the streets to learn how to better themselves."*

Homespace Corporation partnered with Grassroots Gardens to incorporate a therapeutic garden, known as our Lotus Pad, into the courtyard of our Supervised Independent Living Program.

## COVID-19 Impact

While the COVID-19 pandemic threw the nation into a tailspin, Homespace was able to continue to provide care to the youth we serve, 365 days per year, with the utmost thanks and appreciation to our dedicated staff. Some staff members did carry out duties remotely, while our frontline staff worked with our youth and helped them through a historically challenging time. We thank all who helped to keep our youth safe amid a pandemic.
